**QUALITY SCALES UNLIMITED TO SHARE NEW PRODUCTS AT THE 2015 CALIFORNIA FEED
AND GRAIN INDUSTRY CONFERENCE**

The Scales Solutions Provider Plans to Exhibit New Equipment at the CFGI Conference

Byron, CA - December 30, 2014 – Feed and grain producers attending the two-day California Feed & Grain Industry Conference in California Jan 14-15, 2015 will be treated to a bevy of new products and weighing solutions at the Quality Scales Unlimited exhibit.

Quality Scales Unlimited will introduce the newest products designed to match the requirements of the feed and grain industry. The sales and marketing team from QSU will include president/owner Rory Ward, Director of Sales Brad Klock and sales and marketing representative Jesse Wetherell.

At the conference, the team will interact with producers in sectors like farming and agriculture, dairy, food processing, and distribution. They will exhibit new equipment; offer sales literature, as well as answer questions and share information on weighing scales and solutions. The company already has a number of feed and grain producing clients to whom they provide 24/7 service, assistance, and support for everything from picking a suitable scale to repairs and maintenance. They aim to make the benefits of top-notch equipment and services available to every feed and grain producer in California and Nevada.

QSU is also offering customers an opportunity to win a free [preventative maintenance on their truck or livestock scale](#). Anyone who stops by at their exhibit will be given the option to register for the giveaway in addition to receiving information and checking out the latest weighing equipment used by feed and grain industry leaders.

About the Conference

Planned and conducted by the [California Grain & Feed Association](#), the two-day annual conference brings together industry producers and vendors, with opportunities for learning, networking and socializing. It aims to provide mill managers and key employees of grain handling and feed manufacturing operations an educational program consisting of managerial and technical information specific to the industry.

About Quality Scales Unlimited

[Quality Scales Unlimited](#) is a weighing scale solutions provider based in California, formed by the merger of Scales Unlimited with Quality Scale. They offer customized sales and service for over 50 different types of industries in California and Nevada. With 17 certified and experienced technicians, the company provides 24/7 services matched to each customer's service requirements and industry.
